

Dear valued customer,

As mentioned above there are a few arrangements we need to have in place for large groups.

We get so many requests for large group bookings now, we have to be very organised. I trust that this will be OK for your group.

- We ask larger groups to arrive earlier so we can give your lunch order to our chefs before the kitchen gets too busy – that way we can ensure your group is served together.
- We require that large groups pre-order their meal and let us have a written order three or four days ahead of time, so that the chefs can prepare ahead of time.
- We can only offer a limited number of pizza – our pizza oven is small, and we cannot offer more than 6 pizzas at one time. We ask that you order other starters and share pizzas with the group.
- Please call the cellar door on a weekday to let us have credit card details to hold your booking - it's our way of taking a pre-verification. rather than a deposit.
- We have a \$30 per person minimum spend for adults on weekends and are not able to take individual payments - if individual payments are preferred please ask your group to bring cash so that you can pay as a lump sum after the meal.
- If you have to cancel please can you let us have 5 days' notice.

Thank you for your understanding and apologies for the 'rules' - with up to 170 people on Saturdays we need to be really organised.

Look forward to seeing you soon.

Kind regards,

Luanne
